

Set new standards in A0+/B0+ colour and black & white printing

Add quality and productivity to in-house production printing up to 44" wide. Enhance performance in proofing, photography and even fine art with Epson UltraChrome[™] K3 ink and Vivid Magenta technology.

Produce superb, contract quality colour and black & white with a single printer. See the difference with Epson UltraChrome K3 ink with Vivid Magenta, an 8-colour ink set with three black inks and improved image-processing technology.

Combine outstanding, repeatable, long lasting results with improved productivity. The printer features new printer drivers, a wide media choice and has both the speed to improve throughput and the reliability for overnight printing.

Ideal for proofing, photography and fine art – get contract quality results for demanding applications

Outstanding colour and black & white printing – achieve superb image quality, high colour stability and maximum tonal gradation Advanced 8-colour ink set – Epson UltraChrome K3 8-colour ink set with Vivid Magenta and three black inks

Enhanced image processing technology – extended colour representation of reds and blues

Photo realistic quality that lasts – impressive lightfastness for consistent, repeatable quality

Versatile media handling – choose from an extensive range of matte, gloss and fine art finishes

Improved productivity – fast print speeds and high capacity ink cartridges for overnight printing

Simple operation – customise, share and memorise settings with new printer drivers

Epson **9880** Stylus Pro

Key benefits:

- The highest quality A0+ (44") 8-colour production printer
- Epson UltraChrome K3 ink with Vivid Magenta for superb colour
- Neutral black & white and perfectly balanced greyscale
- Improved productivity due to high speed and a wide media choice
